#### ➤ **Robinson: Hard Work and Staying Fit**

- Originally from East Providence, Rhode Island, Robinson first hit the BMX scene in 1992.
- Robinson didn't start out as a great rider, but through hours spent training on and off his BMX bike, Robinson transformed himself into one of the top riders in BMX Vert.
- At Robinson's first X Games in 1995 he placed eighth; it wasn't until 2001 that Robinson began to produce top-three finishes.
- His first podium finish was at the 2001 Gravity Games where he placed second.
- Since 2001, Robinson has become a regular on the Vert podium, finishing in second (2005) and third ('06) in the year-end Dew Cup standings.
- Robinson took home four third-place finishes on the '06 Dew Tour, and fans voted his double flair landed at September's Toyota Challenge as the PlayStation Trick of the Year.

- Last year, Robinson rode away with a pair of medals at the X Games, a gold in Big Air and a bronze in Vert, adding another Big Air bronze in the 2008 Games.
