Summer’s finally here, and there’s no better time than now to take a look at all of the great things happening at the library!

Starting June 3, our annual Summer Reading Program begins, and we have a calendar jam-packed with events and activities to keep you busy all season long. Get ready to enjoy some of your favorite summer library activities, as well as some events and features that are brand new for 2017.

Once again, MIX 105.1 FM kicks will hold summer celebrations at all of our library branches. They’ll bring on-air hosts, as well games, prizes and special guests from Medieval Times – check out page 28 to see when they’ll be visiting a branch near you! We’re also bringing back some of our favorite SRP performers, including Koo Koo Kanga Roo, a zany dance-pop duo who were a huge hit when they came to the Orlando Public Library for a live concert last year. We’ll have them at three library branches for high-energy shows this month. See page 30 for locations, dates and times.

For the younger kids, we’ll have appearances from some of our most popular performers, including Zoo Mom Science, Mr. Tim the Comedy Magician, Gigi and Friends and more. Mr. Steve, host of PBS Kids morning program breaks, returns to the Orlando Public Library for two appearances in July. See page 34 for details and our interview with Mr. Steve. We’ve also got some new and exciting fun in store. On June 24, we transform the Orlando Public Library into scenes from your favorite Harry Potter books in honor of Pottermasary, the 20th anniversary celebration of the publication of the first Harry Potter novel. Take a stroll through Diagon Alley, visit the offices of The Daily Prophet, pretend to go for a ride in Mr. Weasley’s flying car and sample our secret recipe for butterbeer. It’ll be a day you won’t soon forget. See page 31 to find out when the magical fun takes place.

For library lovers of all ages, we’ve also introduced a new feature on our website to help you keep track of your summer reading activities. Children and adults can sign up for Beanstack, a fun and interactive system that lets you track the books you’ve read, earn virtual badges for programs you attend and receive recommendations for new reads based on your interests. Find out how to sign up for Beanstack on page 35.

There’s so much going on this summer, and we’ve only just begun – Summer Reading Program runs through August 5. Visit ocls.info/srp to learn more about our programs for kids, tweens, teens and adults.

Love YA!: A Celebration of Diverse Young Adult Literature
Orlando Public Library
Tuesday, June 13, 6 p.m.
Reflect on the events that have impacted our community and commemorate the Pulse tragedy with a panel discussion of diverse young adult authors including Alex Sanchez, Shaun David Hutchinson and Jenny Torres Sanchez, moderated by Lauren Gibaldi. Ages 13 and up.
In September 2016, the Orange County Library System partnered with local art-supply store Sam Flax for Paint Strong Orlando, an art show consisting of nearly 300 works of art made in response to the shooting at Pulse nightclub. All of the art supplies were donated, and the artists were asked to create work that reflected the strength of the community.

One year after the Pulse tragedy, the Library is working with Sam Flax again, this time to present a new show to commemorate Pulse. Sam Flax has donated the supplies again and this time asks artists to consider this question: What Has Changed? The show addresses the impact artists feel the Pulse shooting has had on our community.

On June 15, the Orlando Public Library hosts a reception for the show, which will include information from various local LGBT nonprofit organizations. The Orlando Gay Chorus will perform, followed by Latin guitar/percussionists Antone Affronti and Adalberto Bravo. Participants will be invited to make short videos of themselves discussing what they think has changed in our community over the past year.

Interview with Steve Roslonek of SteveSongs and co-host of PBS KIDS morning program breaks!

By Erin Topolsky, Youth Programs Coordinator

Steve blends participatory songs, clever stories and great melodies to create what the Boston Globe called “not just a musical journey but an entertaining, interactive and educational one.”

SteveSongs will be live in concert Wednesday, July 19 at 10 a.m. at the Orlando Public Library and 3:30 p.m. at the Chickasaw Branch.

HOW DID YOU GET STARTED?
Well, almost 20 years ago (wow) my brother, who was a first grade teacher at the time, asked me if I could write some songs about the days of the week and seasons. I did and he shared them with his school. The feedback from the kids and teachers was very positive, so I got together with some friends who were in a rock band and we recorded an album. A few months after that, I left my corporate job and have been making and singing songs for kids and families ever since (though I have taken some vacations along the way).

DO YOU HAVE A FAVORITE SONG TO PERFORM?
My favorite song to perform tends to change as I write new songs. I love playing “Song Without a Rhyme” for people. I just wrote a whole new version called “Song Full of Rhymes” which I debuted in Hawaii last week, and that one is probably my favorite to play right now.

WHAT SONG IS CURRENTLY STUCK IN YOUR HEAD?
I have a new song called "I Gotta Sing" that I wrote for the Connecticut premiere of the movie Sing! My daughter has been singing it around the house lately so it is either in my head or around my head. We did a little video of the song …

WE LOVE YOUR SIGNATURE LOOK, BUT HOW MANY RED POLOS DO YOU OWN?
I currently have 23 red polos. On a dare, I tried to put them all on at the same time - but I could only get into four. I think it’s best to wear them one at a time.

WHAT’S NEXT FOR STEVESONGS?
I’m very excited that next week I’ll be going into the studio with a friend of mine, Gaby Alter. He arranged all of the electronic sounds for our “Recess Rocks” song a few years ago. We’ll be collaborating to build some new electronic soundscapes for a handful of new songs about robots, inertia and Albert Einstein.
