## **Melrose in the Mix: Live Recording Session**

Orlando Public Library, Melrose Center

*Saturday, April 1, 3:30 p.m.*

Join us for the first in a series of intimate, live, in-studio recording performances as Orlando singer-songwriter Beth McKee brings her assembled Swamp Sistas Songwriter Circle to the Melrose Center Audio Studio for a special afternoon session. Beth will be joined by Hanna Harber, Renee Arozqueta and Ka Mallinalli, as the Circle takes turns performing original material and accompanying one another before a small studio audience—all while being recorded. For more information on Swamp Sistas Songwriter Circle visit [SwampSistas.com](http://SwampSistas.com). Sign up to attend at [ocls.info/melroseinthemix](http://ocls.info/melroseinthemix).

## **Tech 'N Color**

Orlando Public Library, Melrose Center

*Sunday, April 2 & 16, 4 p.m.*

Relax while coloring stunning digital paintings using pen and tablet technology! Join our fun and casual atmosphere with instructor assistance.

## **WhizKids: Saturday in the Fab Lab**

Orlando Public Library, Melrose Center

*Saturdays, April 8–29, 9:30 a.m.*

Each Saturday morning in April, the Fab Lab hosts a different WhizKids class. Learn to build electronic models that recreate space technology, explore the basics of electromagnetism and radio electronics and create simple machines that move. It's fun with engineering! Ages 9–12.

## **DIY Submersible Camp**

Orlando Public Library, Melrose Center

*Saturdays, April 8–22, 11am*

Build a remote-controlled submersible using simple electronics, PVC piping and connectors. Learn a brief history of submersibles, what buoyancy is and how ballast affects underwater vehicles in this three-day camp. Test your submersible controls and ballast in an aquatic environment. Space is limited. Registration required. Ages 11–13.
