

Melrose

The Voice of Melrose Open Mic

Orlando Public Library, Melrose Center

Thursday, February 23, 6 p.m.

Are you an independent artist looking for an outlet for your music or spoken-word performance? Do you want to connect with other performers in the burgeoning Orlando artist community? Join us for The Voice of Melrose Open Mic. We seek to provide a venue for the community and foster collaboration amongst artists. Singers, poets, comedians and performers in general are encouraged to participate. This is Orlando's voice in the heart of Downtown. Sign up at ocls.info/openmic.

Adobe After Effects Level 1 & 2

Discover how to enhance your videos by creating spectacular celestial animation. Learn to import footage, set up a composition, animate layers and extrude type in 3D space to create otherworldly cinematic animation. Participants should be comfortable editing with Adobe Premiere.

High Dynamic Range Photography with Adobe Photoshop

Looking to make your photos really pop? Create spectacular and vibrant images through high dynamic range (HDR) photography. Learn the basic camera settings necessary to take more engaging photos. We'll also show you how to merge photos into an HDR image to bring out the detail and creativity of your work.

Effects Processing: Dynamics

Orlando Public Library, Melrose Center

Monday, February 6, 11 a.m.

Friday, February 10, 9:30 a.m.

Gain experience with the tools to help you put the right finishing touches on your audio tracks. Learn to use compressors to control the dynamic range across your tracks and apply key concepts including threshold, ratio, attack and release. Get a feel for finding the right dynamic balance for your mix with hands-on exercises.
