

Orange County Library System- Plan for Restoring Library Services

In the weeks we have been closed to the public, Orange County Library System has been evaluating best practices for cleanliness and sanitation, so we are prepared to open to the public with health and safety in mind. Like many businesses and government agencies, our plan to resume regular services will happen in phases. Below is the plan for restoring services to the public, which began on May 6 with the opening of the library's call center. Additional services will be added over the next several weeks.

Library administration will monitor these openings closely and may make adjustments to the plan as are necessary.

Service Level 1: No public access to buildings, limited services
