Orlando Public Library

Wednesday, June 7, 5 p.m.

Edgewater Branch

Wednesday, June 21, 4 p.m.

Learn the frame animation capabilities of Adobe Photoshop through the creation of an animated GIF. Ages 13–17.

TechKrew: Build a Website

West Oaks Branch

Friday, June 30, 2 p.m.

Windermere Branch

Wednesday, June 21, 1 p.m.

Create a website with WordPress. Customize the appearance and layout of your site to get the look you want by using a wide selection of free design options. Ages 13–17.

Get Down to Business

Improve your small business with classes at the library. From managing your social media account to surveying your customers, let us help you make your small-business dream a reality! Visit ocls.info/mindyourbusiness for additional resources.

Facebook: Create and Manage Your Business Page

Facebook is a great tool for businesses! Create a Facebook page for your business to engage with customers and promote your products and services. Get insider tips and tricks to help you get the most out of your page!

Create Websites Using WordPress

Learn to build your own website. Start with WordPress, which offers lots of options for skinning your site the way you want it.

Microsoft Project 2013: Level 1

Create a basic project plan, resource calendar, define resources and task dependencies. This class covers the workspace, different views and the processes in planning, tracking and managing a project.

Microsoft Project 2013: Level 2

Manage and track your project more effectively. Learn to work with different task dependency types and explore different options to resolve resource over allocation. Work with sorting and filtering options to improve the viewing and grouping of tasks and create baselines and milestones. View and export various types of reports.

Google Apps: Build a Survey with Forms

Collect the data you need with a fun and customizable Google Form! Google Forms is an easy to use tool for creating surveys, event invites, questionnaires and much more. Learn to create and share forms as well as review the data with custom charts and spreadsheets. It is recommended that students have a Google account prior to taking this class.
